

# BT Solutions by Design

## Overview:

The BT Solutions by Design team will review your existing ICT infrastructure against the needs of your organisation in the short and long term and help design and deliver an end-to-end solution that will support your business growth whilst ensuring that cost savings are realised and significant improvements are made to the way your business functions.

## We specialise in:

- **Consultancy to establish improvement areas**
  - Application integration and performance
  - Network performance and landscaping
  - CRM impact analysis
  - IT landscape
- **Managed Networks**
  - Broadband VPN to secure MPLS
- **Retail Solutions**
  - Point of Sale
  - Security
  - ICT
- **Housing Solutions**
  - Business to Business
  - Business to Consumer
- **Hosting & Security**
  - Co Lo to Managed Hosting
- **Mobility Solutions**
  - Mobile marketing
  - Application mobility and security
- **eCRM Solutions**
  - SaaS
  - Home Shoring

By creating a custom solution using any or all of the above, we can design, install and maintain a totally bespoke ICT environment using market-leading technology and the expertise of BT and its partners.

## Benefits:

- Single solution on a single contract that provides the reliability and resilience you need, with the flexibility to respond to changes
- Accountability throughout the life of the contract
- Fully managed in line with your business requirements
- Business reviews to ensure maximum ROI and better cost savings
- Expertise through strategic partnerships with market leaders

## Interested?

Contact your BT Account Manager directly or email [btbpartnersolutions@bt.com](mailto:btbpartnersolutions@bt.com) to arrange a free-of-charge two hour consultancy workshop with the Solutions by Design team to discuss how we can help your business grow.
