

BT Jigsaw e-learning

Overview:

BT Expedite has developed e-learning modules to support standard NVQ courses from the Government. So, you can deliver courses without increasing administration or paperwork and provide your staff with a career in retailing. And of course by reducing paper and cutting travel requirements for trainers, it's good for your carbon footprint too.

Reasons to choose e-learning:

Today's retail training challenges – the challenges of staff training in the retail environment are numerous: high staff turnover, the need for business continuity, staff empowerment, distributed workforces, new product introductions, new processes, retail technology developments, new legislation, demanding customers and increasing competition. So, why not take this opportunity to empower your staff with the information they need?

Well trained and knowledgeable staff form the core of a successful retail operation. BT Expedite has in-depth experience in providing creative learning solutions for the UK's biggest and most successful retailers.

Features of e-learning:

- Training available anywhere, on POS screens, hand-held terminals, kiosks, back-office or home PCs
- 24/7 access to training
- Job specific, contextualised training
- Consistent training messages
- Self-paced learning
- Assessment, tracking and effective management
- A sustainable training resource

Success of e-learning:

Our solutions produce results that are reflected in our client list and in our award-winning implementations. Some of the benefits our clients have achieved are as follows:

- Reduction in store training costs by 35%
- Delivery of multi-language, single curriculum training to support global expansion
- Support calls down by 46%

E-learning award achievements include a World of Learning Award in November 2006, and short-listed entries for a 2006 Microsoft® Retail Application Development award and a 2007 European Retail Solutions Award.

Price:

Pricing is bespoke. BT will review the needs of your business and tailor a solution that best suits your requirements.
