

Netbook and BT Mobile Broadband

Overview:

Netbooks are the fastest growing technology currently in computing, bucking all trends and maintaining strong sales growth. This is due to their form (slim, lightweight, easily carried in a standard case) and the power they can deliver as a business tool. Combine this with BT Mobile Broadband, with speeds of up to 7.2mbps, and you have the perfect package.

Reasons to have Netbook and BT Mobile Broadband:

- Premium brand Netbook included in the price
- All-in-one package
- 3Gb data and 4000 minutes of wi-fi
- Make the most of your time away from the office

Benefits of Netbook and BT Mobile Broadband:

Netbook:

- Small lightweight alternative to carrying your laptop around
- More powerful than using a smartphone – true desktop computing on the move
- Typically long life due to small size – some models offering up to five hours from one charge
- Netbooks with solid state drives, as opposed to a typical hard drive, delivering a more robust product, less prone to damage or parts failure
- Ideal for cloud computing

BT Mobile Broadband:

- Great Value – only £21.50 per month¹
- Widespread coverage – HSDPA coverage growing each month
- Quick – up to 7.2mbps download speed with HSDPA
- Versatile – 4000 Openzone minutes equating to over 66 hours of wi-fi access

Features of Netbook and BT Mobile Broadband:

- Mobile Broadband delivered via handy E170 USB modem
- One Simple Tariff

Price:

£21.50 per month (24-month contract)¹
